RIVER FLAG SAFETY SYSTEM

Red Flag — High Hazard, Access Denied

Yellow Flag — Medium Hazard, Use Caution

Green Flag — Low Hazard, Calm Conditions

This system does not take the place of state river gauge readings, National Weather Service Warnings/Advisories, Special Weather Statements, or other public safety agency information. The sole intent of this program is to help give experienced and novice river recreational enthusiasts a better visual onsite cue of information about park grounds, river access, and river conditions.
